Dear Colonel,

I work for American Consulting Engineers of Florida, a consultant for St. Lucie County, and feel that a job well done should not go unnoticed. Corporal Steve Rudd helped assist with traffic maintenance and enforcement on our construction site in St. Lucie County at Midway road and Glades Cutoff for different intervals of our 548-day contract. Steve was as close as a phone call away anytime we needed him. I have been in the Great State of Florida for over 62 years and been in the transportation industry for 42 years and feel safe just knowing an officer like Steve is out on patrol. His courteous and professionalism in handling situations on the job site bring great honor and credibility to the Florida Highway Patrol. I wish to thank him and let you know of his outstanding performance and look forward to working with him and the Florida Highway Patrol in the future. Thank you for having such a fine officer on patrol.

Sincerely Yours,
